

TRAILER FIELD CHASER NUMBER COLLECTOR

WHAT TO DO

Ensure crews in the trailer field are proceeding to Control Commission in a timely fashion.
Collect Empacher numbers from crews returning to the trailer field.

WHERE TO DO IT

Chaser – in the trailer field

Collector – at the gate leading out of the lower car park

HOW TO DO IT

Chaser – Crews should be leaving the trailer field early enough to clear Control Commission and boat at their designated time. The tendency is for crews to leave the trailer field at their boating time. It's important that we start each division on time, so you'll need to chivvy people along in a firm but cheerful manner.

You'll be given a start order (which includes boating times) to assist in this essential role.

Collector – When crews start returning from their race, position yourself at the gate and collect Empacher numbers from the boats. These cost £5 each and it's important we retrieve them all. Once all crews have passed through, return to the trailer field and repeat.

At SBH the launching time given to crews is the time that they have to join the queue, rather than the time they are expected to put the boat in the water. Do a meet & greet in the trailer field early in the day, reminding coaches of the importance of keeping to time.
